Application for Westlawn Online Enrollment

This application replaces the historical concept of “TCD Extensions”

This application is only relevant to students already enrolled in the Westlawn Yacht Design course under now obsolete contracts that were based on TCD (Target Completion Date). If you are enrolled under such a contract, then when you would normally sign up for an extension, instead you sign up for this enrollment agreement.

To remain enrolled, you will pay a small monthly fee for as long as you choose to complete the Westlawn Yacht Design course.

Westlawn provides to all enrolled students an expanding spectrum of valuable services:

A familiar service is the online student forum to ask and answer questions, gain insights, submit lessons, and collaborate on designs and design competitions with other students, the instructors, and Westlawn alumni.

All enrolled students receive free licenses for free Rhino and AutoCAD software for your Mac or PC.

All enrolled students receive free unlimited Google cloud storage, and a your.name@westlawn.edu gmail account.

When you enroll, Westlawn will submit applications for your student membership in the Royal Institution of Naval Architects (RINA) and the Society of Naval Architects and Marine Engineers (SNAME). If you are accepted by RINA and/or SNAME, Westlawn will pay your initiation fees and dues for as long as you remain enrolled in good standing in Westlawn.

Westlawn has no refund policy. You may withdraw at any time by informing the school, and you will no longer be charged monthly for Westlawn enrollment. Note that you will lose all benefits of being a Westlawn student by doing so. This includes SNAME/RINA student membership, free licenses for Rhino and Autocad, as well as access to your westlawn.edu email account and cloud storage. As Westlawn also offers continuing education courses, so many students elect to stay enrolled beyond graduation.
